Aprilia Leonardo 250 300 2000-2004 Service Repair Manual

Hi all I have the common cold starting issues with my Leo 300. I'm suspecting a faulty automatic starter (electric choke), i.e. the piston is not retracting so it is always in its 'warm' state. I'm struggling to find a genuine replacement (Aprilia part number AP8122627) apart from the ludicrous price of £189 from Fowlers - on back order!

Aprilia Leonardo 300 automatic starter (electric choke)

Aprilia Leonardo 300 2004 (engine Minarelli) parts Aprilia ...

History. Aprilia was founded after the Second World War by Cavaliere Alberto Beggio as a bicycle production factory at Noale, Italy in the province of Venice. Alberto's son, Ivano Beggio, took over the helm of the company in 1968 and constructed a 50 cc "motorcycle" with a dozen or so [citation needed] collaborators. The first production Aprilia mopeds were named Colibrì, Daniela and Packi.

Aprilia motorcycles ever made. - Bikez.com

Aprilia Leonardo 300 je tím nejsilnějším, co můžete v této řadě dostat. Pohání ji prakticky ten samý motor, co najdete v 250 ccm modelu, ale zde byl pro větší výkon převrtán, a tak je model 300 asi tím nejvhodnějším, co pořídit - náklady na údržbu jsou stále nízké a užitná hodnota ještě vyšší.

Aprilia Leonardo 300 :: Katalog Motocyklů

Bought a cheap Leonardo 300 a couple of months back and recently started using it daily. Was going great until yesterday when it started to struggle to pull away. It was fine once it got going ~ 10mph up over. When I got home I noticed that the drive isn't disengaging, it's constantly turning the rear wheel, even when the bike is started.
