You can search for a specific title or browse by genre (books in the same genre are gathered together in bookshelves). It's a shame that fiction and non-fiction aren't separated, and you have to open a bookshelf before you can sort books by country, but those are fairly minor quibbles.

On The Origin Of Stories

Storytelling describes the social and cultural activity of sharing stories, sometimes with improvisation, theatrics or embellishment. Every culture has its own stories or narratives, which are shared as a means of entertainment, education, cultural preservation or instilling moral values. Crucial elements of stories and storytelling include plot, characters and narrative point of view.

The Mesopotamian creation story survives on clay tablets found in Ashurbanipal's library, in the saga known as Enuma elish (named from its first two words, meaning 'When on high'). The tablets are written in the 7th century BC, but the origin of the text is believed to go back to at least 1500 BC - a period when Babylon was the dominant city of the region.

By and large, mystery stories may be divided into two sorts: tales of the supernatural and riddle stories. Supernatural tales are of ancient origin and form a substantial part of the body of folk literature. But the literary cultivation of fear and curiosity for its own sake began to emerge in the 18th-century pre-Romantic era with the Gothic novel
