This does not mean that qualitative research lacks design; as Yin (1994) says, "Every type of empirical research has an implicit, if not explicit, research design" (p. 19). Qualitative research simply requires a broader and less restrictive concept of "design" than the traditional ones described above. Thus, Becker, Geer, Hughes,

## **Designing a Qualitative Study**

In fact, this is consistent with the subtitle "an interactive approach". Both the tools and the design map of the book (goals, conceptual framework, research questions, methods and validity) helped me see what the key elements of my project are about, how to put them together and why they are important.
