When they think of "the Uniform Commercial Code", many young practitioners think only of Article 9 on Secured Transactions. Which is not unreasonable; Article 9's forms are labeled "UCC", not "UCC 9." The UCC, of course, contains many more articles, and even if one is dealing only with secured transactions, concepts from all the other articles interact with Article 9.

### Secured Transactions - Lesson 1

Secured transactions come in many forms, but three types are most common for consumers: pledges, chattel mortgages, and conditional sales. A pledge is the delivery of goods to the secured party as security for a debt or the performance of an act. For example, assume that one person has borrowed \$500 from another.

### Secured Transactions legal definition of Secured Transactions

The book offers analysis of secured transactions law in over 30 commercial jurisdictions and leading practitioners from major law firms in North and South America, Europe, and Asia provide insightful, practical commentary on their respective countries security interests, comparing them with the provisions of UNCITRAL legislative guidelines and providing status review of implementation in their respective countries.

### International Secured Transactions | Legal Solutions

Secured creditors generally dominate insolvency procedures, because a floating charge holder can select the administrator of its choice. In law, administrators are meant to prioritise rescuing a company, and owe a duty to all creditors.
