The Cheese And The Worms

The Cheese and the Worms is a scholarly work by the Italian historian Carlo Ginzburg, published in 1976. The book is a notable example of cultural history, the history of mentalities and microhistory. It is "probably the most popular and widely read work of microhistory". The study examines the unique religious beliefs and cosmology of Menocchio, also known as Domenico Scandella, who was an Italian miller from the village of Montereale, twenty-five kilometers north of Pordenone ...

The Cheese and the Worms - Wikipedia

The Cheese and the Worms is a study of the popular culture in the sixteenth century as seen through the eyes of one man, a miller brought to trial during the Inquisition. Carlo Ginzburg uses the trial records of Domenico Scandella, a miller also known as Menocchio, to show how one person responded to the confusing political and religious conditions of his time.
