# Read Free War On The Middle Class How Government **Daily Signal**

The middle class is a class of people in the middle of a social hierarchy. Its usage has often been vague whether defined in terms of occupation, income, education or social status. The definition by any author is often chosen for political connotations. Writers on the left favor the lower-status term working class. [citation

many important economic problems, but in reality they boil down to three current problems and one that looms large in our future. All four problems stem from a common cause — the Federal Reserve.

History tells us that we either root out this cause or face economic demise. The first and most obvious problem is price inflation.
